

Smart. Advanced. Effortless.

Presenting the Neo Range of Smart Locks.

Neo Pro-View

Introducing
Neo Pro-View, the
camera-equipped smart lock.
See who's at your door, instantly.

A visitor walks up and presses the
Neo Pro-View's built-in doorbell.

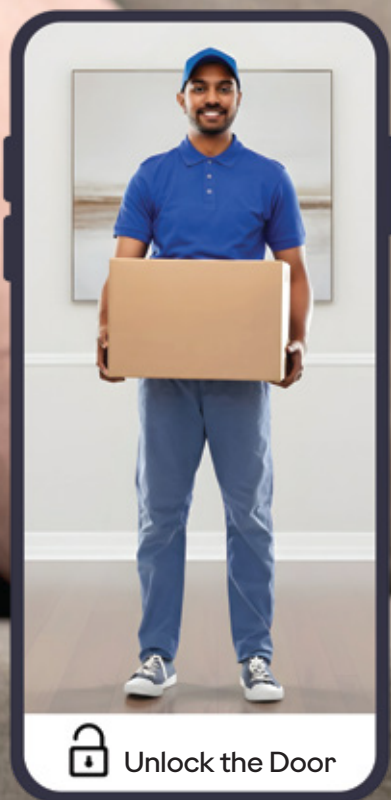

Real-time display on the lock screen.

The lock captures a full-body image

The Pro-grade camera instantly switches on and captures a head-to-toe, wide-angle image of the visitor, so you always know exactly who is outside.

Stay in control, even when you're away.
Instant alert on your mobile

The captured image is simultaneously sent to the registered mobile phone through the Godrej digital lock app.

You receive a notification on your phone, where you see an image showing the outside view of your house.

Smart safety now comes with vision.

Neo Pro-View, the camera-equipped smart lock.

The Neo Pro-View's Pro-level camera captures sharp head-to-toe images at the press of the doorbell, and the high-resolution screen gives you a wide, clear view of every visitor. With a tough 3-bolt body, auto-locking and five access modes: RFID Card, Wi-Fi, Fingerprint, Password and Mechanical Key, the Neo Pro-View delivers sharp vision, strong protection and effortless control in one sleek smart lock.

Neo Pro-View

'Pro' Camera:

Captures high-resolution, head-to-toe images when the bell button on the lock is pressed.

Integrated Video Door Phone:

Enables visitor verification for enhanced safety.

Fingerprint on Handle for Easy Access:

Unlock your door instantly with a simple touch, with the seamlessly integrated fingerprint sensor built right into the handle.

High-resolution View Screen:

Provides a clear wide angle view of the person standing outside.

Photo Unlock Access:

Unlock your door via mobile after viewing the image captured by the built-in Pro camera.

Benefits and Features:

Multiple Modes of Access:

Unlock using Fingerprint, Wi-Fi, RFID, Passcode, or a mechanical key.

Anti-Prank Alarm:

An alarm will go off if the wrong password, fingerprint or RFID card is used, 5 times in a row.

Activity Trail:

Complete record of entries via mobile app.

Adjustable Spy Code & Wrong Password Indication:

Strong defence against unauthorised attempts.

Low Battery Indication:

Alerts ensure timely replacement.

Tough Build:

Strong 3-bolt lock body with auto-locking mechanism for enhanced safety.

Privacy & Passage Modes:

Flexible modes for convenience and control.

In-built Doorbell Function:

Built-in bell for added convenience.

Emergency Power Backup:

Type-C USB input for quick recovery after power drain.

Applications:

Neo Pro-View is ideal for high-end residences, luxury apartments, and smart home projects requiring advanced access and monitoring.

With its Matte Black Aluminium alloy design, Neo Pro-View blends cutting-edge technology with refined aesthetics.

Door Thickness - 35mm to 65mm.

Backset: 60 mm

Control your home's safety, anytime, anywhere.

Introducing Neo Connect, advanced home safety control.

Control your home's safety from your mobile phone, with the Neo Connect smart lock by Godrej. Its Wi-Fi access puts you on top of home safety, wherever you are. Plus four more convenient access modes, strong bolts and 3 elegant shades to choose from, all at an attractive price. The Neo Connect smart lock puts home safety in the palm of your hands.

Neo Connect

Wi-Fi Access:

Remote management and encrypted control via mobile app.

Fingerprint Access:

Quick and secure biometric entry through the cover plate sensor.

Passcode Access:

Store up to 99 unique passcodes for family and guests.

RFID Card Access:

Register up to 99 RFID cards for convenient, contactless entry.

Mechanical Key Override:

Comes with two high-strength mechanical keys for emergency use.

Mobile App Features:

Includes OTP-based access and scheduled entry options for enhanced convenience.

Benefits and Features:

Privacy & Passage Modes:

Flexible safety options for everyday convenience.

Activity Trail:

View complete access logs through the mobile app.

Anti-Theft & Anti-Prank Alarms:

Protects against forced entry and unauthorised use.

Adjustable Spy Code:

Enhances password protection against onlookers.

Wrong Password Indication:

Instant alerts for incorrect access attempts.

Low Battery Indication:

Early LED and sound warnings ensure uninterrupted performance.

Emergency Power Backup:

Type-C USB port enables quick backup power after battery drain.

Durable Construction:

A 3-bolt lock body with SS 304 manual bolt ensures lasting strength and reliability.

Applications:

Neo Connect is designed for smart homes and premium residential projects: ideal for main doors, internal doors, and modern apartments.

Crafted with an Aluminium alloy fascia and handle, Neo Connect combines strength, durability, and a refined finish.

Door Thickness – 35mm to 65mm.

Backset: 60 mm
